The Hoosier Day
By Frank A. White

Troubled Waters Wait Teachers Conventions

Indiana is heading for a crisis in providing schooling for our children.

This is apparent as more than 23,000 members of the Indiana State Teachers Association received programs today for conventions to be held in Indianapolis, Gary, South Bend and Fort Wayne, Oct. 26 to 29.

This writer today sought out Robert H. Wyatt, executive secretary of the Indiana State Teachers Association and other top figures in the educational picture.

Wyatt is the organizing genius who banded together the Hoosier school marms and gave them a voice in legislative affairs that matched in potency the township trustees lobby.

A Fixed Situation But Changing World

In brief, Indiana in regard to her schools has a fixed situation and a changing world. Something is going to have to give.

The last legislature appropriated $53,000,000 a year as school aid from the state to help all Hoosier schools measure up to the "minimum foundation" or "minimum standard."

But the thing that bowled the legislative solons over, has been the stork. In 1935-1936 Indiana reached the lowest ebb of a century in births. But the birth rate has jumped 50 per cent, which is a phenomenon.

We had some 20,000 school units in Indiana, each school unit now being 30 pupils. Last year we had 576 more class room units, or a gain of 14,000 children in school. This year an additional 12,500 kiddies will have to be accommodated.

Consolidation Lags Throughout Indiana

School officials have had to put the "war baby" crop in church basements and at Elkhart in a dance hall.

Complicating the picture, wages have rocketed in wartime stress and teachers are restive, since their salaries are more static. The bonded indebtedness law keeps localities from building school rooms needed. In some townships there are school units with $50 behind each pupil to one dollar of assessed valuation in other, poor localities.

Consolidation under the referendum plan, has lagged. The 1951 legislature will be confronted with the problem of whether to keep feeding money into uneconomically small school units that resist consolidation. It is not economical to build a new gymnasium for a school with 40 or 50 pupils.

This writer interviewed George N. Craig, youthful Brazil at-

Rat And Mouse Drive Is Nov. 3

County Agent C. L. Spuller announced Wednesday that arrangements have been completed for a rat and mouse killing program in Rush County with Friday, November 3, set as the date.

Prepared baits will be distributed to farmers and townspeople wishing to rid their premises of these destructive pests, Mr. Spuller said. The Rush County Rural Youth club is sponsoring the campaign in cooperation with the county extension office.

Warfarin, a new rat and mouse poison, will be used in the campaign. Prepared Warfarin and Red Squill baits will both be offered in what Mr. Spuller calls a "double-barreled" action to destroy the pests.

Red Squill bait, which is safe and fairly quick in producing results, is suggested for killing most of the rats. The Warfarin bait acts as a clean-up poison by getting the mice as well as the few wary rats that refuse to eat the squill mixture.

Mr. Spuller recommends that both baits be exposed at the same time, allowing the Warfarin bait to stay out for several weeks to effect a clean-up of rodents that are present and those that may move into buildigns later on. He advises farmers and townspeople to get full details about the bait distribution at the extension office in the Courthouse.

Draft Call Gives Boost To Army Plan

Military Asks 40,000 Draftees During December; Future Policy on National Guard Is Pondered.

Washington, Oct. 11 (AP)—The military gave its Army expansion program another boost today with a new call for 40,000 more draftees, while at the same time it tried to decide what should be future policy about using National Guard divisions.

The new draft call, issued last night, is for 40,000 inductees during December. It raises the total of calls since the defense program started to 210,000.

Added to men already in the Army or brought in under federalization of National Guard units and call up of reservists, this indicates the Army has or will have within a few months more than 970,000 men. That does not include an unspecified but presumably substantial number of men in reserve units brought into active duty during the last three months.

The Army's reported objective, under the 3,000,000-man armed force proposed by President Truman, is between 1,300,000 and 1,500,000 men.

Thus it seems probable the objective can be reached perhaps by next spring.

Here is what already has happened:

Four National Guard divisions have been federalized. Although understrength, their combined manpower probably amounted to about 32,000. Two regimental combat teams from the National Guard were brought in—about 10,000 more men. Called to duty were 109,000 individual reservists, then 17,427 reserve male captains and lieutenants. In addition, 1,644 women officers and enlisted personnel were summoned to active duty. Other calls brought in 240 aviation officers of company grade and 205 chaplains. Draft calls, including yesterday's, added 210,000 more. The number of men in reserve units brought to active duty has not been announced.

All these figures put together present an impressive statistical

Mr. Daubenspeck Dies Wednesday

P. S. (Sherd) Daubenspeck, 84, well known farmer of near Glenwood, died Wednesday morning at 11:45 o'clock at the Rush Memorial Hospital. He had been in failing health for several years and seriously ill for the past few weeks.

Mr. Daubenspeck was born and resided all his life on the farm near Glenwood. He was a son of Harvey and Margaret Hinchman Daubenspeck. He married Miss Ruth Anna Cook, who survives with two brothers, Miles H. Daubenspeck of Falmouth and Jacob Daubenspeck of Seattle, Wash., and several nieces and nephews.

Funeral services will be held Friday afternoon at 2 o'clock in the Moster Mortuary and interment will be made in East Hill Cemetery. Friends may call at the mortuary beginning Thursday noon.

U. S. Reinforcements Arrive In Germany

Berlin, Oct. 11 (AP) — Lieut. Gen. Manton S. Eddy announced today that "American reinforcements are arriving now in Germany."

"They are reaching Germany as a flow of replacements, not in new units as yet," the commander of the U. S. Army in Europe told a news conference here.

He said the Berlin garrison probably would be the first to be increased in strength by additional troops.

Husband Seeks Divorce, Custody; Estate Probated

A cross-complaint has been filed in the divorce case of Wanda M. Keith against Daniel B. Keith, in which the husband charges that his wife abandoned him, and their six dependent children at 8 o'clock on the night of September 29.

The cross-complaintant charges that the wife had stated that she did not care for him, or their children, and walked out, leaving the children without supervision. He charges that she has since failed to visit them, or inquire into their conduct.

In his action he charges that she carried a picture of another man, and that she has openly associated with him. The cross-complaint says she is not a fit or proper person to have the custody of the children. He seeks a divorce, and the care of the children, who are now in charge of a seventh child, a married daughter.

The estate of the late Lizzie Chew Jones has been probated in court with Bertha L. Quick named executor, and bond in the sum of $10,000 provided. The will, executed in May, 1932, leaves the trustees of the First Presbyterian Church $500 for any purpose they see fit.

A brother and sister living outside Indiana were left $2,500 each, if living, or to their families, if deceased. The residue of the estate was bequeathed to a sister, Mrs. Bertha Quick of this city.

The deceased, according to the will, heretofore had executed deeds conveying real estate, and other gifts to a niece, Ethel Quick, and a nephew, Stanley Quick.

Interment Here For W. R. Matney

Walter Ray Matney, 62, former local resident, died at his home, 239 North Illinois Street, Indianapolis, Monday night at 11 o'clock. A heart attack caused his death.

He was well known and related here. Mr. Matney was born July 13, 1888, in Rush County, a son of Mr. and Mrs. John Matney. He married Miss Goldie Robertson of here and she survives with two children, Norman of Indianapolis and Mrs. Evelyn Wiggins of Clinton, Iowa; four grandchildren; and two brothers, Ralph Matney of Rushville and Harry Matney of Terre Haute.

Thursday afternoon at 1 o'clock, funeral services will be held at the Jordan Funeral Home, 2428 East Tenth Street, Indianapoils. Burial will follow in East Hill Cemetery here.

Air-Minded Mexican Farm Boy Winds Up In Jail After Hitching Hour's Ride On Airliner's Tail

Torreon, Mexico, Oct. 11 (AP) — The lad who hitched an airplane ride by clinging to an airliner's tail was happy today, though in jail.

"I have realized the dream of my life," Cliserio Reyes Guerrero, 19, told police. "I am satisfied."

Police said the farm boy apparently did not understand he endangered a Lamsa (United) Airlines planes and its 24 occupants on the Monday midnight flight to Mexico City.

"I always wanted to fly and never had the money," he said. "This was the only way."

Both Lamsa and the government are expected to bring charges today. They want to discourage any further such aerial hitchhiking.

Reyes Guerrero told police he climbed aboard the plane's tail when it wheeled around at the end of the Torreon runway and tested engines before taking off. "I was only frightened at the first blast of air from the propellors. I got over that when I realized there was nothing else to do but hang on."

The lad's clothing was ripped to bits as the twin motored plane roared off at 160 miles an hour, then climbed to 12,000 feet. His back was cut and bleeding from the lashing shreds of his shirt. The temperature was near freezing. His head was protected by a cheap leather helmet and goggles.

For 61 minutes the youngster held on, braced against the tail. Then the pilot, who had felt something wrong in the controls, put the plane back down at Torreon. Officials spotted him as he clambered, near naked, from his perilous perch.

Reyes Guerrero said he loves airplanes, and wants to become a pilot.

GARDEN TRUCK — Frankie Campano has his hands full as he tries to move a 148-pound pumpkin, heaviest of the season's crop grown in his father's garden at Murray Hill, N. J.

GOP Speakers Continue Broadside Blasts At Truman Administration

By The Associated Press

As Democratic candidates for the Indiana legislature met today in Indianapolis, Republicans continued their oratorical barrage against the Truman administration.

Governor Schricker, who wants a Democratic-controlled General Assembly, attended the legislative luncheon. The Democratic State Committee and county leaders will meet in the capital Sunday.

Speaking at Plymouth, U. S. Senator Homer E. Capehart blasted the "wild spending" of the national administration. He called for elimination of "all waste and inefficiency" in the Democratic domestic and foreign programs.

As principal speaker at a Hammond rally last night, the Republican Senator, seeking re-election, predicted President Truman would invoke powers which would create a "peacetime dictatorship over labor" after the Nov. 7 election.

In Indianapolis, Cale J. Holder, Republican state chairman, took a slap at Ira L. Haymaker, Democratic state chairman who yesterday assured Indiana physicians Hoosier Democrats are "opposed to socialized medicine," but added:

"A few partisans are making your profession virtually an adjunct of the Republican Party."

Holder said Haymaker's statement "is just one more evidence of the ruthless tactics of an administration which prefers tyranny to freedom."

Senator Kenneth Wherry of Nebraska, the Republican Senate leader, told a Fort Wayne rally last night that a GOP Congress would cut taxes as soon as it had re-established "America's prestige in world affairs" and brought "order out of chaos" at home.

He further promised that a Republican Congress would "move swiftly to restore tariff protection" for industry, agriculture and labor.

Polio Foundation Is Badly In Need Of Financial Aid

Polio, in a late surge of alarming proportions has caused a critical financial situation for the National Foundation, which must be relieved by November 1, Paul Stearley, Rush County chairman declared today.

Mrs. Arthur Malson, director of the 1951 campaign, Mrs. Sherman Wright, assistant director, Mrs. Paul Stearley, Mrs. Gene Cherry and Mrs. Louis Gohring, as a delegation, have returned after a regional meeting of March of Dimes directors and representatives held in Cincinnati Tuesday.

They summarized the desperate fight against the raging disease as follows:

"The National Foundation is now faced with the greatest patient load in its history. It now looks as though there will be a total of 30,000 new cases of infantile paralysis this year, making 1950 the second record year period. During September polio cases took an unexpected rise and all estimates have had to be revised. For the week ending September 30 the total was 21,537.

"Epidemic aid of over $6,600,000 has already been sent from the national office of the Foundation to chapters which have exhausted their funds. Monthly drain upon the Foundation treasury is now over $1,000,000 a month. At this rate epidemic funds will soon be exhausted."

The present crisis for the Foundation was due to two reasons. First, the record epidemic of over 42,000 cases last year added many thousands of patients to the thousands of former years still requiring aid. Second, the unexpected epidem-

Another Mishap At Cross-Roads

A man was slightly injured and $400 damage resulted in a traffic collision Tuesday afternoon at the intersection of Highway 3 and the Carthage-Mays road west of Mays.

It was the second accident at the intersection in four days.

Deputy Sheriff Roy Hood, who investigated, said a westbound automobile driven by Omer E. Taylor, 70, Milton, was struck by a northbound car operated by Sedgwick A. Clark Jr., 37, Muncie, when Taylor drove out of the county road into the path of the other vehicle.

Taylor was cited for failure to yield right of way and will be arraigned Saturday in Justice of the Peace Court here.

Clark suffered a painful injury to his right knee, but continued on to Muncie, Hood said.

The deputy estimated damage to Clark's car at $250 and to Taylor's car at $150. He said Taylor's vehicle was knocked into a fence by the collision impact.

British Battalion Off For Korea

Southampton, England, Oct. 11 (AP) — A battalion of the Royal Northumberland Fusiliers, one of Britain's oldest regiments, embarked here today to join United Nations forces in Korea.

Things Going On In Rushville Tonight

Sale, Jaycee Club Rooms.

Music Study dinner-program, Main Street Christian Church.

Shakespeare Club, Mrs. Dwight VanOsdol.

Practical Nurses, Mrs. Vera Clifton.

Training School, St. Paul's Church.

Ladies Bible Class, Mrs. Lena Clark.

Initiation-lunch, Elks Lodge.

Franklin Lodge.

Moose Lodge.

Princess Theater.

Castle Theater.

Partial Holiday Here On Thursday

Thursday will be a partial holiday in Rushville, the day having been declared a state holiday — commemorating the anniversary of the finding of the New World by Christopher Columbus.

On account of Discovery Day, offices in the courthouse will remain closed. The day will also be observed as a holiday by the banking institutions. The holiday does not affect the post office.

Fair Officials Re-Elected At Monthly Meeting

A. Burl Hinchman was re-elected president of the Rush County Agricultural Association Tuesday evening at the regular monthly meeting. This makes the 11th year that Mr. Hinchman has been elected to serve as president of this association.

Other officers, all re-elected, are Frank Abercrombie, vice president; E. E. Privett, secretary; Irl Burkher, treasurer; Thomas McManus, assistant secretary.

The following members were elected to the building committee: Ertle Price, Donald Alexander, John R. White, Ora Lower, Earl Harton, Newton Halterman, and Thomas McManus.

The following directors were selected for a three year term: Dolph Crane, John R. White, Frank Abercrombie, Eugel Anderson, Carrie Miller, Harvey Arnold, Kirby Browning, O. F. Veatch, Chester Anderson, Gail McBride, Donald Alexander, Claude Souder, Russell Dora, Allen Blacklidge, Fred Goddard, H. V. McCully, Howard Ewbank, Lowell O. Norris, Pierre Chambers, Wilbur Gray, Byron Turk, Donald Benner, and Ben Rifner. All of the above directors were re-elected except Donald Benner and Ben Rifner who are new members of the board.

The following departmental heads were elected: superintendent of the sheep department, John R. White; Gold Medal Lamb Club Department, Eugel Anderson; Poultry, Byron Turk; Grain, Newton Halterman; Swine, Earl Harton; Ton Litter, Russell Dora; Horse Pulling, Donald Addison; Dairy, Carl Ging; Horse, Chester Anderson; Beef Cattle, Ertle Price; Gold Medal Calf, Worth Hodson; Vegetables, Harvey Arnold; Pet Parade, Lowell Peterson; Pony Show, Russell Leisure; Flower Show, Frank Abercrombie; Saddle Horse, Donald Alexander; Art, Ben Rifner.

Other items of business were discussed pertaining to financial report, bills, and insurance. Donald Alexander was appointed to represent the traffic committee. Following the meeting refreshments were served by Mr. Hinchman. The meeting was held at Wilhelm's Cafe. Kenneth Earnest described his trip to the West following the meeting.

Allies Advance Toward Pyongyang, Red Capital; Enemy Won't Surrender

U. S. and British Commonwealth Soldiers Head Northward; Red Premier Orders No Surrender.

STRATEGIC KUMCHON IS NEXT TARGET

Tokyo, Oct. 11 (AP) — U. S. and British Commonwealth troops today were at least 10 miles inside North Korea and were fighting 75 miles south of the Red capital Pyongyang, a field dispatch reported.

They were reported steadily closing a pincers on the strategic road and rail center of Kumchon, 11 air miles north of the 38th parallel. Kumchon is on the main road to Pyongyang.

The size of the U. S., British and Australian force which was grinding northward was not given. AP Correspondent Don Whitehead said only that the troops were moving up "in force."

Four South Korean divisions also beyond the parallel were driving steadily against Red forces fighting a bitter no-surrender battle ordered by the Communist commander-in-chief.

The highest ranking American on the fighting front, Maj. Gen. Hobart R. Gay of the First Cavalry Division, said the Red forces were doomed and the taking of Pyongyang was only a matter of time.

"These cookies are beaten," Gay told war correspondents at cavalry headquarters.

Red Premier Kim Il Sung told the 10,000,000 people of North Korea in a broadcast message they could not surrender.

"Our motherland is now face to face with a grave crisis," Kim said. He ordered his shattered troops to "fight until the final day of victory . . . overcoming all difficulties."

Kim's message was obviously an answer to General MacArthur's second and "last time" surrender ultimatum of last Sunday, but the Red premier did not mention it.

On the winning allied side, President Truman was scheduled to leave Washington late Wednesday for a week-end conference with MacArthur in the Pacific somewhere west of Hawaii. The place was not specified.

The President told a news conference Tuesday in Washington he would discuss what actions are needed in the final phase of the Korean War to assure "a unified, independent and democratic Korea."

Red Premier Kim, in his no-surrender message, told the North Koreans:

"We should study the example of the October (1917) revolution of the Soviet Union which gained final victory after numerous difficulties.

"The example of victory over British and American imperialism is close at hand."

Death Summons Mrs. Whitton, 78

Mrs. Harriett E. Whitton, 78, a native of Rush County, died Wednesday morning at 4:30 o'clock at the home of a son, Gerald Whitton, in Lewisville. She had been seriously ill for the past three months.

Mrs. Whitton had resided all her life in Rush County, where she was born, until the last few years when she went to Lewisville to reside. She was born November 22, 1871, a daughter of George T. and Lucy Billings Kiplinger. She married Benjamin Whitton who died in 1927.

The deceased was a member of the Main Street Christian Church and the W. S. E. S. Club of Lewisville.

Besides the son with whom she resided, survivors include two other sons, Fay of Lewisville and Tracy of St. Louis, Mo.; a daughter, Mrs. Mary Spencer of Dublin; two sisters, Mrs. Grace Harcourt of Rushville and Mrs. Lena Kolich of St. Louis, Mo.; 10 grandchildren and three great-grandchildren.

Friends may call at the home of Gerald Whitton beginning at noon Thursday and rites will be held there Friday afternoon at 2 o'clock. The Rev. Herbert M. Daily will officiate and burial will be made in the East Hill Cemetery here.

Grandson Victim In Korean War

Mrs. Will Casey, 619 North Perkins Street, received word Tuesday that her grandson, Bobby Bruce Graham of Franklin, had been killed in action on September 24.

He was serving with First Marines in Korea.

Kiwanians See Travelogue Tour In Pictures

Kiwanians last night took a travelogue tour in pictures, narrated by Joseph Boyd, Belle Gregg school teacher, on his summer trip to various countries in Europe.

The local teacher provided a most entertaining and instructive travel-tour which he took, leaving here a couple days after the close of the school in May, requiring 85 days for the trip, and at a cost of $900.

He traveled by steamer, leaving from Canada, and his trip took him through historic and interesting places including London, Paris, Nice, Genoa, Pisa, Rome, Capri, Florence, Venice, Switzerland Bavaria, Germany, Holland, Scotland, and back into London.

The speaker stated that he was not a student of economics, and merely made the tour for sightseeing and for his own education.

As he talked he wore a Bavarian native costume of short felt pants, suspenders, light shirt and other accessories proper to those of that land.

The majority of the pictures which he projected on a screen were taken by him, while the others were postcard pictures and photographs that he had purchased in the various cities and lands.

He stated that in his travels, as an American, he was greatly respected, and treated with courtesy in all countries, and that he frequently was pointed

Congress To Study Statehood Bills

Washington, Oct. 11 (AP) — Senator O'Mahoney (Dem., Wyo.) said today he sees no obstacle to final Senate approval of bills to grant statehood for Alaska and Hawaii.

"We've got the votes, and the bills will pass," O'Mahoney told a reporter.

The statehood bills are slated for Senate debate when Congress reconvenes next month. The House has passed both bills, and President Truman has endorsed them.

After Being Paralyzed For 8 Years, Pretty Hammond Girl, 25, Finds Life Can Be Like A Fairy Tale

Chicago, Oct. 11 (AP)—A pretty 25-year-old blonde who was paralyzed eight years ago now has reason to say "my whole life has been like a fairy tale."

The pluck of Bonnie Bonhiver attracted the cast of characters who made the tale come true. As a result, she expects to walk like other girls within a year—and she won't be alone. A handsome prince charming will become her husband on Thanksgiving Day.

The story also includes a fairy godmother and the 89-man Evanston Police Department.

It all began eight years ago when Bonnie was helping her mother and fell. Since then she has been paralyzed.

The battle to re-educate her muscles began. When the cost became too heavy, her widowed mother, Mrs. August Bonhiver, called Evanston police for suggestions. The cops adopted Bonnie.

For the last five years, they've picked her up in a squad car, taking her to doctors and swimming pool where she practiced using long-idle muscles. They paid a heavy share of the bills too.

One day at the pool a woman came up to her.

She said, "You know, darling, I was in the same position you are in right now." Then she offered to pay for treatments that had cured her if Bonnie would take them. That was the fairy godmother.

The treatment began to work. Then she met Jerold Mitchell, 25, also of Evanston, employed as an announcer by a Hammond, Ind., radio station. He was assigned to interview Bonnie and they fell in love.

Since then she has learned to take steps without a cane, is able to cook, do washing, and "just everything."

The therapist recommended by Godmother "Betty" predicts she'll be walking alone within a year.

Meanwhile, Bonnie and Jerry want to write a book together.

"We're going to do all we can to make other people happier."

"I sit back every once in a while, as if I were a star, and look at my life and think, 'it's funny, and it's been pitiful in a way, but it's not any more—and it never will be again.'"

Editorial—

Soaring Costs

Apparently all bets are off on preparedness costs until there is more definite indication as to the level prices are to attain. During World War II the government's indebtedness soared $200,000,000,000. But the cost of preparedness now is much higher.

Pentagon planners are constantly estimating rearmament costs. One of them says they have raised their estimates more than $5,000,000,000 a year in recent weeks. Estimates now are that $30,000,000,000 a year will be needed for American forces alone. Washington is committed to a policy of bearing most of the burden of re-arming Europe. Defense of other spots such as Korea may boost the figure considerably.

The U. S. is spending $2,000,000,000 a year on economic aid abroad, with no end in sight. The $5,000,000,000 Washington has pledged for arms in Europe will be chicken feed when the bills start pouring in. The nation has been warned that the national budget will vault from $40,000,000,000 to $60,000,000,000. Now it is widely predicted that will be insufficient.

Crickets' Choice

Scientists are busy fellows, ever engaged in research and experiment, all of it no doubt related to the benefit and welfare of humanity. Occasionally, however, the importance of some of their projects proves somewhat elusive.

For example, there is the plan at Johns Hopkins University to use lady crickets to ascertain if warm beer tastes as good as cold beer. Female crickets have an acute sense of taste. Dr. Vincent D. Dethier wants to find out if temperature affects taste in beer and other things.

It would appear that all Dr. Dethier can learn is what crickets like. He may show that to a cricket it makes no difference whether beer is hot or cold, or that crickets prefer beer warmed or chilled. But a cricket's taste, however, "acute," will scarcely change the demand of American consumer's for cold beer.

In human beings acquired habits govern such preferences. It is the American habit to like nearly all alcoholic beverages chilled to the frost point.

Miscellany—

By Cy McIlwain

It must have been the world's worst salesman that came into Rushville selling coffee pots on that cold February morning in 1881.

The old *Jacksonian* said he was a "seedy individual" with the "most supremely disagreeable voice that ever sent cold chills down a human spine." Not only that, he used the "worst grammar and pronunciation conceivable," it said.

The guy must have been awful as he stood up there on a drygoods box peddling his wares at the old Block Corner, which is where the Ben Franklin Store now stands. We're inclined at this late date to feel sorry for him, for he must have been a bad mixture of Clem McCarthy, Rochester and Andy Devine. And that ain't any bouquet for anybody's larynx.

Why, said the *Jacksonian*, "it was impossible to hear that voice without believing you also *smelled* it." That was probably stretching it a little, it admitted, for after all you couldn't smell a voice. "But men retired from the salesman's vicinity as if they smelled a deady stench," the paper insisted.

Gad, he must have stunk!

The *Jacksonian* went on to report that "our monied men were around offering to pay anyone's fine who would hit him with a brick." But no one volunteered. They were afraid they wouldn't kill the man with the first heave and thus draw everlasting public scorn upon their heads, the paper said.

Then the Jacksonian became indignant, as if it weren't already so hot under the collar it could hardly breathe. "Before the marshal licenses another man to hawk his goods on the streets," it demanded, "he should have him do his nastiest, and, if that is too bad, refuse him the privilege of the town."

Now the Chamber of Commerce ain't prodding us a dern bit, but we suppose there must be *some* moral in this bit of ancient Rushvilleana. It is — Denny Pile bless our soul! — do as your ancestors did; have no truck with furrin drummers who come in here selling coffee pots. They stink!

TOMORROW'S BIRTHDAYS

Louise Pile, Joe McGinnis, Luther Nixon, Terry Allen Dishinger.

From Our Files—

FIFTEEN YEARS AGO
October 11, 1935

Stressing the value of fire prevention, L. L. Bailey of the state fire marshal's office addressed the Kiwanis Club last night in observance of Fire Prevention Week. The program was in charge of Rayme Hargrove. Little Jimmie Dyer, yodeler, appeared in a couple of selections. Louis Poulos and James Tarbet were introduced as new members.

Miller's Grocery, 325 North Main Street, have the following bargains: Fireside coffee, 12½c lb.; Del Monte, Maxwell House, and Chase and Sanborn for 25c a lb.; and Beechnut coffee at 29c a lb.; Peaches, two large cans for 25c; hamburger, all beef, 2 lbs. for 25c; and lard, 18c a lb.

Mrs. Ray Lucas is reported improved at the City Hospital following surgery.

Mrs. Joe Cannon, Mrs. Dan Honley and Mrs. Ben Oster attended the district meeting of the American Legion Auxiliary in Winchester today.

Mrs. Dora David and Mrs. John Adams have returned from Indianapolis where they attended the grand lodge of the Rebekahs as representatives of the local lodge.

THIRTY YEARS AGO
October 12, 1920

Cleveland — The Cleveland Indians, American League champions annexed another title today by winning the fourth straight game and the deciding one of the World Series, 3 to 0. Incidentally it was the third win for the veteran Coveleski, who is credited with a victory every time he started in the series.

The John Kelly restaurant was sold today to Mrs. A. Ayres of Connersville.

The Arlington Red Sox won over New Salem at the latter place by the enormous score of 20 to 1.

Mr. and Mrs. Charles Dagler entertained Sunday at their home near Hagerstown with a pitch in dinner honoring their daughter, Leone's, birthday.

Solemn services conducted by Passionist Father Bonaventure of Cincinnati will close the Forty Hours Devotion tonight at St. Mary's Catholic Church.

The Nation Today—

By James Marlow

NEW RULES ON HOME BUYING

Washington, Oct. 11 (AP) — The government — starting tomorrow, Oct. 12 — is making it tougher to buy one and two-family homes. But there are exceptions.

The government has issued new rules, under a law passed by Congress which compel you to put up a bigger down payment and pay up faster on any:

1. Newly built or existing home if the government — meaning the Federal Housing Administration (FHA) or Veterans Administration (VA) — has a hand in the deal. That is, if it guarantees a loan on the home.

2. Newly built home whether it's the government, a bank or a loan company which guarantees or makes the loan on it.

But — and this is where the exception comes in — the new rules do not apply at all to existing homes where the government has no part in the loan.

Examples:

1. You want to buy a newly built home or have one built. The rules apply to you, whether you get the loan from a bank or the government.

2. You want to buy a home which is not new. If the FHA or VA guarantees the loan, then the rules apply. But if in the case of such an existing home you get a non-government loan, the rules do not apply.

These are the rules in all cases where they apply:

Non-veterans will have to make cash down payments ranging from 10 per cent on houses costing under $5,000 to 50 per cent on houses of $25,000 or more. Down payments for veterans will be lower, ranging from 5 per cent to 45 per cent.

Mortgages will have to be paid off within 20 years on all houses costing more than $7,000. For under-$7,000 houses, 25 years will be allowed.

Right here something needs explaining. Under these new rules, what is considered a "new" home? One upon which construction was started on or after Aug. 3, 1950. An "existing" home is one which was built before Aug. 3 or upon which construction had started before that date.

Suppose a man arranged a loan on a new home between Aug. 3 and now. Do the rules apply to him? Do the terms of his loan have to be re-arranged? No. The rules apply only where a loan has been arranged after today.

The reasoning behind the rules:

1. By making home-buying tougher, to cut down on the number of new homes being built, thus leaving more materials for the government's defense program.

2. By making home-buying tougher and new houses fewer, to keep prices down and put a brake on inflation.

FRUSTRATED MOVIE

Missoula, Mont. — It wasn't like this in Hollywood.

The director of a movie company making scenes near here for a story of the forest service parachutists, announced shooting would have to be postponed until next August because:

1. Actor John Lund was stung by a wasp, making his face highly unphotogenic.

2. Actor Victor Mature suffered a leg injury in a motorcycle spill.

3. The weather was "adverse." (He meant it snowed, rained, hailed and raised the devil generally).

BRITISH SOCIALISM TO PROCEED WITH VITAL STEEL NATIONALIZATION

Britain's Socialist government has set February 15 for taking over the country's vast steel and iron industry — a major move in the sweeping experiment of Nationalizing England.

Iron and steel, coupled with the huge coal industry which already has been Nationalized, represent the keystone of the Socialist program. For it is on these three industries that the country has largely depended for its modern economic strength.

Thus it would seem that when iron and steel have joined coal in Nationalization, the Socialist die will be cast.

A highly interesting point in connection with this Nationalization scheme is that it is being carried through by a party which has a majority of only six in the House of Commons. The Conservatives have made much of the charge that the government has no right to commit the country to such vital Nationalization when the public is divided about fifty-fifty politically.

However, Prime Minister Attlee has for answer the fact that the Nationalization program has been an issue in the last two general elections — 1945 and early this year — and has been approved on both occasions. He declines to let the smallness of his majority stand in the way now.

Will the government be able to get the same efficiency through this board as the 92 iron and steel industries to be taken over have shown in the past? That is the crux of the argument as to the respective merits of capitalism and Socialistic Nationalization. The government expects to maintain the efficiency, and hopes to be able to utilize many of the experts who have been working under capitalistic ownership.

Anyway the government plans to make the Nationalization effective before the next general election. Observers are expecting Attlee to call another election soon after the Nationalization is accomplished. The Socialists figure the country then will accept the change as a fait accompli and return the present government to power.

RUSH MEMORIAL

New patients at the hospital included Mrs. Louis Giesler, R. R. 4; Mrs. Thomas Coleman, 1219 North Morgan Street; and Rita Sue Napier, infant son of Mr. and Mrs. Charles Napier, R. R. 2.

Mrs. Mildred Faurote, 504 West Third Street, has been released from the hospital.

Madison Fans Wait Hours For Tickets

Madison, Ind., Oct. 11 (AP) — Many Madison basketball fans slept late today.

They were tired from waiting in line for hours yesterday to buy tickets for the 1950 state high school champion's 1950-51 season.

Season tickets went on sale at 7 p. m. yesterday. But when the window opened some persons in line had been there more than ten hours. A carnival spirit prevailed in the two-block-long line; refreshments were dispensed, and radios and card games helped pass the time.

Madison is sure of a sell-out for home games. The first is with Vevay Nov. 3.

SALVAGE COAL BARGE

Hammond, Ind., Oct. 11 (AP)—Operations began today to salvage 200 tons of coal and an overturned barge which were nearly blocking the Indiana Harbor Ship Canal. The 65-foot boom of the barge extended more than half way across the channel, impeding shipping. No one was aboard the barge when it floundered Tuesday night.

Personals

—Joe Benning has arrived here from Geneva, N. Y., for a visit with his parents, Mr. and Mrs. Raymond Benning.

—Mrs. Fanny Fornshell and Mrs. Myrtle Pea have returned from a visit with Mr. and Mrs. Clifford Wayt in Norfolk, Va. They also visited places of interest in Washington, D. C., and Baltimore, Maryland.

—Mr. and Mrs. Lowell Krammes, Sr., accompanied by Cpl. and Mrs. Lowell Krammes, Jr., motored to Hopkinsville, Ky., Sunday where the latter couple has taken up residence while Cpl. Krammes is stationed at Fort Campbell, Ky.

—Warnie Hutchinson, Mrs. Clemandine Barnard and daughter and Halstead Hutchinson and family have returned from Chicago where they visited over the week-end. Sunday they called on Mrs. Malcome Maze who is improving from an operation at the St. Margaret Hospital. They were accompanied home by Mrs. Lounetta Hutchinson who has been with her daughter for a few days.

KIWANIS–

out new buildings, such as railroad stations, that were built under the Marshall Plan of this country.

His program was greatly appreciated by an attentive audience. Mr. Boyd frequently interspersed his remarks with witty remarks that added to the interest of his travel-tour.

The program was in charge of Louis Hiner. The Rev. Lee Jarrett, pastor of St. Paul's Methodist Church, was introduced as a new member of the club.

As a speciality number, a representative of a "Yo-yo" company, who appeared later at the Boys' Club, gave demonstrations with a "Yo-yo," much to the delight of the audience. His tricks on handling the little contraption received much applause.

A nominating committee, to select candidates for offices next year was appointed by Dr. Kenneth Wedeking, club president. The committee, Sherman Wright, Hubert Alexander, Paul Thorp and Mull Wallace, will report in two weeks. The election will be in November.

24 Hurt In Blast At Studebaker Plant

South Bend, Ind., Oct. 11 (AP)—Twenty-four men were injured, none believed seriously, by an explosion today at the Studebaker Corporation plant here.

The explosion was in a pit housing conveyor machinery in the machine shop. It idled 6,000 workers for several hours.

George Westfall, a plant superintendent, said only three of the injured will lose time as a result of their injuries.

He said the explosion apparently was set off when sparks ignited an accumulation of gas. He said the source of the sparks was not determined, but that they might have been caused by static electricity.

The plant was expected to resume full automobile production in time for the late afternoon shift.

POLIO FINANCES–

Continued from Page One

ics of 1950 drained chapter and national aid funds which were expected to be ample for the entire year.

Up to the present time no case of infantile paralysis has gone neglected for lack of the best available care. Foundation funds have been freely used to help chapters in the battle against polio.

Thus far, the National Foundation has shipped 436 respirators (iron lungs) to places where they are needed to save lives. For emergency duty there were recruited this year 92 physical therapists, 1452 nurses and in addition consultants, polio aid teams, epidemiologists and resident physicians.

The March of Dimes meeting included representatives from the states of Ohio, Michigan, Kentucky, West Virginia and Indiana. Warren D. Coss, national director of Fund Raising presided and plans were formed for the 1951 drive which will open on Jan. 15 and close Jan. 31.

HOOSIER DAY–

Continued from Page One

torney, a few moments before Craig stepped in an airplane that took him to a convention where he became the first World War II national commander of the American Legion.

And as Craig was starting to Los Angeles to relinquish his red cap of national commander to Earl Cocke, of Georgia, this writer again interviewed him. There has been a change.

It is possible for a small town lawyer to become the national commander of the biggest veterans organization the world has seen and do a good job. It is questionable whether a past national commander of the Legion can ever again become a small town lawyer.

This writer, as a newsman, traveled as aide to Paul V. McNutt, the only other Hoosier to be national Legion commander. National Legion commanders can talk back to Kings and Presidents and get by with their views and criticisms in the public mind. They travel some 200,000 miles by chartered plane or however their whim dictates. They sleep in Presidential suites in the Mayflower Hotel and have access to the man in the White House.

Craig told this writer he would go back to Brazil to help take the load of legal practice off his father, Bernard Craig, a veteran lawyer.

Craig's friends are scheming day and night to get him on a ticket as a vice presidential candidate with General Eisenhower, or to get him to run for governor on the Republican ticket. McNutt followed the Democratic road to governorship.

Amazing thing, is how anyone who has had the honors bestowed upon him that a National Commander garners, can ever get interested in Main Street events again, or find a hat to fit his head.

Bottleneck Plans

Intricate planning needed to eliminate bottlenecks and traffic hazards in cities is lagging. There has been an exodus of trained highway engineers to better paying defense jobs. The uncertainty of holding highway jobs under the patronage system prevailing is also a factor.

DRAFT CALL–

Continued from Page One

picture. But there remains the fact that the Army has only ten regular combat divisions, with another just being organized. Months will be required to convert part of the new manpower into combat units, ready for fighting wherever they are needed.

BARGAINS ARE ALWAYS ADVERTISED

VOLUNTARY HEALTH INSURANCE is cheaper than Government Medicine

COMPULSORY HEALTH INSURANCE MEANS:
1. Socialized Medicine
2. Higher payroll taxes
3. Loss of personal privacy
4. No guarantee of benefits
5. Low quality medical care

VOLUNTARY HEALTH INSURANCE MEANS:
1. Free choice of service or doctor
2. Low budget-basis cost
3. Privacy in your medical affairs
4. Guaranteed benefits
5. High quality medical care

Voluntary Health Insurance offers you higher quality medical care at a lower cost than the 'free' promises of Socialized Medicine.

Look at these facts, for example:

In 1946, over 40 million Americans were enrolled in Voluntary Health Insurance plans. Now, there are over 70 million. And thousands more are joining every day—by choice, not by force!

Today, hundreds of excellent Voluntary Health Insurance plans are available. There are non-profit plans sponsored by doctors and hospitals. There are policies offered by insurance companies . . . labor-sponsored plans . . . industry-sponsored plans . . . even fraternal-group plans.

If you can't afford any of the Voluntary Health Insurance plans, you certainly can't afford another tax—at least twice as high as your Voluntary Health Insurance premium—deducted from your income.

Our Nation's health is at an all-time high under the present system. Let's keep it that way.

Let those who represent you in Washington know you are against government control of medical service.

Remember, it's *your* health . . . and your money.

★★★★★★★★★★

By Dick Hiner

Franklin, the SCC's second place team at present, leads the loop offensively. The Cubs have scored 101 points and are far ahead of Connersville and Rushville, both of whom have 68.

Seymour is apparently the best defensive aggregation since only 35 points have been scored against them in six games. The Owls, however, are also one of the lowest teams in offense, having scored only 42 points.

Greensburg's winless Pirates have scored only 13 points in their five games, being the weakest in that respect.

School	G	Pts. Scored	Opp. Pts.
Franklin	5	101	56
Seymour	6	42	35
Columbus	5	61	60
Rushville	5	68	69
Connersville	6	68	139
Shelbyville	4	57	73
Southport	5	37	87
Martinsville	4	20	64
Greensburg	5	13	116

Bob Jones, who plays a lot of end for the Lions, has called this writer's attention to the fact that he was referred to as "Dick Jones," in last Saturday's account of the Lawrenceburg game. Dick, a brother, is long gone from the halls of Rushville High and is now attending Ohio State. Bob, a junior, was acting captain at Lawrenceburg . . . South Central teams haven't fared very well this season with out-of-conference foes. In 21 games, the SCC elevens have won only four. Rushville, Connersville, Shelbyville and Franklin have each won one against outsiders. . . That game for the Rushville frosh-soph gridders scheduled at Greensburg for Monday was postponed due to wet grounds. The future Pirates have lost four straight. When the game is rescheduled it will be the first for the Rushville team.

The scoring race in the South Central Conference tightened a bit last week, with Dick Fisher, Franklin, advancing from fifth to third place.

Jack Cross, Rushville and Lohman Atwood, Franklin, remained first and second. Atwood failed to score as the Grizzly Cubs fell to Connersville in the first major upset of the SCC season. Cross added 13 points to his total against non-conference Lawrenceburg.

In the SCC race six players are tied for fifth place, all having 12 points. In the total points in all games Cross now has 37, with Fisher and Sonny Jack of Connersville each having 24.

The ten leading scorers:

Player	Sch.	S.C.C. Games	Tot'l All Games
Cross	Rush.	24	37
Atwood	Frk.	21	21
Fisher	Frk	18	24
Jones	Frk	13	13
Jack	Con.	12	24
Lee	Frk	12	18
Goodson	Con	12	18
Jester	Shelby.	12	14
Rebber	Sey.	12	12
Pence	Col.	12	12

Back To Coach

East Lansing, Mich. (AP)—Four members of the 1949 Michigan State football team, tackles Hal Vogler and Kent Esbaugh and backs George Smith and John Poloncak, are helping Spartan football coaches tutor the 1950 frosh squad.

GOT EVERY SPARE

In a recent league bowling game in Grand Ledge, Mich., Willard Hodge picked up nine pins on every first ball he threw, and converted the spare each time.

Saddle Horse Fall Roundup To Be Sunday

By hoof and by trailer hundreds of Indiana horsemen will "hit the trails" leading to Lions' Club Park at Clermont in western Marion County on Sunday, the occasion of the 15th Fall Roundup under sponsorship of the Indiana Saddle Horse Association.

Col. Harold D. Johnson of Indianapolis, president of the association, has had a number of committees headed by Paul O. Ferrel and Verne K. Reeder, veteran in conducting horse shows, busily engaged for weeks past in making preparations for the show. They predict an exhibition and turn-out surpassing the last Roundup held in Indianapolis in 1942.

Lions Park at Clermont is said by the sponsors to be well suited for staging this type of show, there being ample space and facilities for horsemen and their mounts and plenty of room for spectators.

Officials of the association promise a fast moving show staged in three sections, the first beginning at 10 o'clock in the morning, the second at 1 o'clock in the afternoon and the final event will begin at 7 o'clock Sunday evening.

An impressive and spectacular bit of the program will be a brief religious service during the morning section when the minister, the choir and the worshipers will be on horseback.

One event which is always a pleasing show number will be the "Fancy Turnout" entry which brings out relics of the horse and buggy days and with each contestant striving to top competitors with a gay and colorful entry.

Beautiful trophies and ribbons will go to winners of the various events. There will be special awards to the youngest and oldest riders; to the most colorful club entry and to the individual and also to the club riding by horse from the farthest distance.

Horse Clubs from many Indiana cities will send groups to participate in the Roundup and it is announced that registration for classes will start at 9 o'clock Sunday morning on the show grounds.

Plenty of excitement is promised in the Musical Chair events, one for men and another for women riders. A particularly beautiful number scheduled in all three sections of the show will be the quadrille on horseback.

Other classes on the program include: Stock Horse—W. R. A. Rules; Horsemanship — Western Saddle; Horsemanship — Flat Saddle; Pair Classes — Open, equipment not to count; Horsemanship — Western Saddle for boys and girls in various age groups; Bareback Horsemanship; High School Horses; Pony Class; Three Gaited — Amateur; Palomino, shown in Hand; Five Gaited — Amateur; Walking Horses—Amateur and Roadsters to Bike — Amateur.

Anticipating that many of the horsemen will arrive on Saturday the committee has available a delightful wooded section, lighted and with water, outdoor ovens and other camping facilities with qualified attendants to entertain youngsters while parents enjoy the horse program.

Entry fees as well as admission to the Roundup has been set at a very nominal level so that there will be a large participation by horsemen and the general public.

What To Do With Appling May Be Problem For New Chicago Manager

Chicago, Oct. 11 (AP) — Paul Richards' first task as the new Chicago White Sox manager — the fifth in five years — will be selection of a coaching staff.

If Richards reshuffles, one of those who might get the ax is the White Sox perennial, Luke Appling. What to do with Luke, who has been with the organization since 1930, may prove to be Richards' most touchy task in his debut as pilot.

The 41-year-old Richards (he'll be 42 in November) apparently is the type who gets what he wants. Appreciating the fact that Sox managers seem to live short lives, Richards demanded and finally received a two-year contract. A two-year pact was not offered him a year ago when the Sox were thinking of luring him away from Seattle in the Pacific Coast League to replace Jack Onslow.

Richards also has said that he picks his coaches only on the basis of ability and with no regard to personal likes and dislikes.

General Manager Frank Lane and Vice President Chuck Comiskey of the Sox emphasized in announcing Richards appointment yesterday that the veteran minor league skipper would have free rein.

The Sox turnover of managers started after Jimmy Dykes served from 1935 until May, 1946. Ted Lyons, the long-time Comiskey pitcher and favorite, took over and survived the next two seasons. In 1949 Onslow was brought up from the Memphis farm club under a two-year pact. He remained until his coach, Red Corriden, relieved him last May.

And then there's Appling, the darling of the fans who set a record for number of games played at shortstop. This year young Chico Carrasquel replaced him. Appling served as a player-coach this season. He is reported to be in some disfavor with Sox front office because of his hesitancy to fill in at first base early in the campaign.

There have been rumors Appling will be offered his release, if he isn't claimed on waivers. But such a step may be avoided and Appling retained as protection at the shortstop spot.

Mistake Pays Off For Race Better

Bowie, Md., Oct. 11 (AP) — An unidentified man, obviously in a hurry, rushed up to the $10 place window a few minutes before the second race yesterday, bought a ticket on No. 3 and waited to see how Rocky Play ran.

He had the right number but the wrong race.

Rocky Play had already finished out of the money in the first race.

He had a $10 place ticket on Merry Nymph, who was beaten by 18 lengths in her previous start.

But yesterday, Merry Nymph finished second and paid $371.80 for each $2 place ticket and $126 for $2 to show. Officials said it was a record place and show payoff for Bowie.

By his mistake, the bettor realized a profit of $1,849.

Derby Winner Goes Lame

New York, Oct. 11 (AP) — Middleground, winner of this year's Kentucky Derby, went lame during a workout today at Belmont Park and a spokesman for the King Ranch stable said the three-year-old colt probably would never race again.

"It was a bad accident, and apparently serious," the spokesman said at the office of Max Hirsch, veteran trainer for the King Ranch of Richard Kleberg. Hirsch, who saddled the son of Bold Venture for his Derby triumph last May, was not immediately available for comment.

Dr. William Wright, the stable's veterinarian, was preparing to take X-rays to determine the extent of the injury which was reported to be in Middleground's right forefoot.

52 Fine Bird Dogs Entered In Field Trials

The Rush County Field Trial club held drawing of dogs for their fall Field Trial in the Conservation Club House at the Airport Tuesday evening.

Fifty two of the finest bird dogs from all parts of Indiana and adjoining states were entered for the amateur all age and derby stakes, which will be run Saturday and Sunday, commencing at 8:30 a. m. each day and closing at 4:00 p. m. with one hour for noon lunch.

This is a record number of dogs entered for a Rush County Field Trial club event, and first time two full days have been required to run all dogs entered. The trials will be run on the Mr. and Mrs. Morris Bagley land three miles west of Rushville.

C. J. Henley of Carthage, will serve as marshal of the trials and Earl Addison of Carthage will act as assistant marshal. M. L. Davis, Superintendent of State Conservation Officers and Lester Hertel of Batesville, will officiate as judges.

The club will furnish free horses to judges and all dog handlers. A large gallery is expected to witness the operations of these superb trained dogs. In addition to native pheasants, quail and partridge now on the course, the club has one hundred quail to release for these trials.

Hetki Sold By Reds To Toronto

Cincinnati, Oct. 11 (AP)—John Hetki, Cincinnati Reds' right-handed relief hurler, has been sold for an undisclosed sum to the Toronto Maple Leafs of the International League, officials of the Cincinnati Baseball Club announced today.

He had one win and two losses, all in relief roles, this year.

Rickey Going To St. Louis Browns, Says N. Y. Paper

New York, Oct. 11 (AP)—The Daily Compass said today that Branch Rickey "is going to the St. Louis Browns as the new president and club owner in a deal financed by the American League."

In St. Louis last night, however, Bill Dewitt, president of the Browns, asserted "you can put this down. We don't plan any changes in the operations of our club and Branch Rickey isn't buying it. It's not for sale."

Rickey, president of the Brooklyn Dodgers, recently contracted to sell his Brooklyn stock to William Zeckendorf, New York real estate man. Since then there have been many rumors as to his future plans.

WEAK — NERVOUS
cranky 'every month'?
Are you troubled by distress of female functional periodic disturbances? Does this make you feel so tired, high-strung, *nervous*—at such times? Then DO try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms! Pinkham's Compound is made *especially for women*. It also has what Doctors call a stomachic tonic effect! Any drugstore.

Cards Of Thanks

THE FAMILY of the late T. H. Jordan wishes to thank our many friends, relatives and neighbors for their acts of kindness, words of sympathy and the beautiful floral offerings during our recent bereavement.

In Memoriam

IN MEMORY of our dear mother, Mrs. Charles McCorkhill, of Sexton, who passed away three years ago, October 11, 1947.

The month of October is here again,
One of the saddest months of the year for me,
For it was October 11, when God called you home to him.
And to think we could not say goodbye,
Will always bring regrets.
But the hearts that loved you best of all
Are the hearts that won't forget you mother dear.
Sadly missed by your daughter,
Mrs. Harold Rider.

New York Stocks

New York, Oct. 11 (AP)—Rails pointed the way today for a gradual stock market recovery. Gains ran to around $1 a share.

An air of indecision hung over the market at the start with the result that prices were thoroughly mixed over a narrow range.

Stocks going higher included Santa Fe, Southern Railway, Nickel Plate, American Can, Du Pont, Zenith, Philco, Distillers Corp., Seagrams, J. I. Case, U. S. Rubber, Republic Steel, and U. S. Steel. Among a handful of stocks going lower were U. S. Gypsum and Johns Manville.

~ SOCIETY ~

D. A. R. Chapter

Mrs. Emily Compton was hostess to the Rushville Chapter, Daughters of American Revolution, Tuesday afternoon. The singing of the National Anthem was led by Mrs. Alva Eakins after which prayer was offered by Mrs. Maude Gardner.

Response of a historic spot in Indiana opened the business session with Mrs. Roy Waggener, regent, presiding. Brief reports were given by the following chairmen: Mrs. Mary Dean, American music; Mrs. Russell Norris, approved schools and good citizenship; Mrs. Wyndham Nutter, D. A. R. magazine; Mrs. Horatio Havens, national defense; Mrs. C. J. Fisher, D. A. R. Museum; Mrs. Irl Burkher, radio and membership; Mrs. Joseph Williams, student loan; Mrs. Luke Duffey, local projects; Mrs. Edwin Meyer, Valley Forge; Mrs. Compton, Ellis Island; Mrs. Jennie VanOsdol, Woman's Council, Inc.

The president general's message was given by Mrs. Burkher and Mrs. Louis C. Lambert spoke on "Our Stand — New Resolutions." Reports of the state conference were given by Mrs. Waggener and delegates. Refreshments were enjoyed during the social hour.

The next meeting will be November 14 at the home of Mrs. Will Leach.

Thursday Meeting

U. I. U. Auxiliary will meet in the Union Hall Thursday evening at 7:30 o'clock.

* * * *

Homer Meeting

Future Builders Class will meet at the Homer Christian Church Saturday night.

State High Court To Hold Hearing In Cigarette Dispute

Indianapolis, Oct. 11 (AP) —The State Supreme Court will hold a hearing Oct. 31 on a petition to make permanent a writ prohibiting the Delaware Circuit Court from taking jurisdiction in a case involving more than $4,000 in untaxed cigarettes.

The high court issued a temporary writ yesterday on a petition filed by the attorney general's office, which contended the original action should have been taken in Marion County rather than in Delaware County.

The court action resulted from the confiscation of the cigarettes from George F. Carlson, Muncie agent for an Albany wholesale firm. The cigarettes were taken by state excise officers, acting for the Indiana Alcoholic Beverage Commission.

Delaware Circuit Judge Joseph H. Davis restrained the state agency from selling the untaxed cigarettes and threatened to cite ABC members for contempt if they violated his order.

Carlson was fined $250 and costs and the cigarettes were taken when he pleaded guilty to possession of untaxed cigarettes. He later withdrew his plea, but reinstated it with a showing that the stamps were on hand. City Judge Mario Pieroni then fined him $250, but did not order the cigarettes confiscated. The cigarettes still are being held.

Tuberculosis is not inherited. If it seems to run in families, it is because one person passes on the disease to others. Have your chest X-Rayed.

Tree Harvesting, Processing Show To Be Oct. 25-26

Rush County farmers interested in the harvesting of timber from farm woods and its processing into lumber are invited to attend the Indiana Logging and Sawmill Equipment Show, October 25-26, at the Purdue-Moses Fell farm, four miles northwest of Bedford.

According to County Agent C. L. Spuller, the two-day program will include demonstrations of felling trees, skidding logs, loading logs, power saws, small sawmills in operation, logging equipment of all kinds, post and pole peeling machines. Sawing and chopping contests are planned, and prizes will be awarded by cooperating agencies for home-made equipment ideas applicable to the harvesting and handling of farm timber.

Exhibits will emphasize good woods practices, fire protection and safety, and the use of mechanical tree planters. Manufacturers will display woodworking, sawing, and logging equipment, with special emphasis on inexpensive attachments for farm and power units, tractors, and other vehicles.

The show is being sponsored by the Agricultural Extension Service of Purdue University, Indiana State Division of Forestry, Central States Forest Experiment Station at Columbus, Ohio, Bedford Chamber of Commerce, Wayne-Hoosier National Forest, Indiana Hardwood Lumbermen's Association, U. S. Soil Conservation Service, and a number of farm and industrial equipment manufacturers.

Senator Sued By Roberto

Rome, Oct. 11 (AP) — Roberto Rosselini announced he filed suit in Rome today against U. S. Senator Edwin C. Johnson, charging the Colorado Democrat made a derogatory remark about him at a cocktail party in Rome last night.

Rosselini said Johnson had called him a scoundrel in the presence of five Italian newspaper men.

Johnson has been in Italy on a tour sponsored by an American air line. He left for Paris this afternoon. It was not clear how Rosselini expected to bring the suit to trial.

Churchill Optimistic Over Peace Chances

Copenhagen, Denmark, Oct. 11 (AP) — Winston Churchill believes a lasting settlement may be reached with Russia to insure mankind "a long period of peace."

Britain's wartime prime minister sounded this optimistic note in a speech here last night. He also declared the world "is a safer place to live in tonight than it was three months ago" because of the United Nations action in Korea.

Fear Foul Play In Disappearance Of Co. Treasurer

Hartford City, Ind., Oct. 11 (AP) —The wife and parents of Lester Hiser, missing Blackford County treasurer, were firm in their belief today that the man was a victim of foul play.

There still was no trace of the 29-year-old Navy veteran and two-term treasurer who disappeared late Monday night.

His charred panel truck was found burning Tuesday morning at the side of a road 4½ miles southwest of the city. The last person who reported seeing Hiser was a Hartford City policeman. He said he saw him drive past the courthouse in the panel truck at midnight.

Hiser's wife said he apparently went to his electrical shop sometime after 10 p. m., changed to his work clothes and drove away in the truck.

She and Hiser's parents, Mr. and Mrs. O. L. Hiser, said they knew of no reason why Hiser would disappear voluntarily.

The treasurer's office has been closed and state auditors are going over his books.

Hiser is a former Purdue student. He spent 30 months in the Navy in World War II.

Crown Point, Ind., Oct. 11 (AP)—Miss Laura Kelley, 45, faced an arson charge today for two fires at her Schneider Restaurant. Prosecutor Ben Schwartz said volunteer firemen found gasoline cans in the eatery and a boy told him the proprietor had hired him to sprinkle the fuel in the place. Damage was estimated at $3,000.

Three-Way Radio For State Police Is About Complete

Indianapolis, Oct. 11 (AP) — Three-way radio communication by Indiana state police forces soon will be in operation.

Supt. Arthur M. Thurston said today conversion from two-way to three-way frequency modulation (FM) radio transmission is virtually completed.

Heretofore, state police radio conversations have been only between various district headquarters and patrol cars, operating both directions. Now, patrol cars may communicate with each other.

Thurston said this will speed up communications and provide closer co-ordination of effort in traffic and crime investigations, disasters or other emergencies.

Patrol cars also will be able to communicate with the state police department's plane or with officers on foot carrying walkie-talkies.

State police now can communicate with 72 city and county police groups in the state, Thurston added, and by means of radiotelegraph also can contact police authorities in all states and most major cities in the nation.

TYPICAL LIBRARY

Hammond, Ind., Oct. 11 (AP)—"America's most typical small-town library" is the distinction applied today to the library built in suburban Highland four years ago as a war memorial. The Army chose it to be shown in films used in re-education work in Japan.

American Lieutenant Survives After Spending 69 Days Behind Red Lines

By HAL BOYLE

Korea, Oct. 11 (AP) — A young American officer has returned safely after spending 60 incredible days alone behind Red lines.

With no weapon but his courage Second Lt. Joseph Elbert Hicks, a 25-year-old platoon leader from Cobden, Ill., stoically endured every hardship rather than surrender.

"I would rather have starved," he said grimly.

And perhaps he would have starved except for a loyal young South Korean who brought him food and saved his life by moving him from one mountain hideaway to another whenever danger of capture grew near.

For security reasons this native patriot cannot be identified now. But he risked the lives of himself and his wife and six small children to help the American.

"He is the only reason I am alive today," said Hicks gratefully. "I had to depend on his thinking and initiative rather than my own. And we could talk to each other only by gestures and by drawing pictures on the ground with sticks."

Hicks, who served with the Marines in the last war, looked like a storybook hermit when he came down out of the hills after nearly ten weeks. His black hair fell to his shoulders. He had a thick matted beard. And only thin tatters of his fatigue uniform still clung to his 6-foot-1 inch frame.

The first six days of his ordeal he had nothing at all to eat. The rest of the time he had lived almost entirely on rice. But he made a rueful discovery:

"Why, I've gained weight!"

But Hicks was far below his normal 175 pounds when his adventurous saga began. For more than three weeks he and his men had been fighting desperate delaying withdrawal actions with the rest of the remnants of the shattered American 24th Infantry Division.

In the early hours of July 29 Lieutenant Hicks and his platoon were in a pitifully small force assigned the impossible task of outposting Kochang, a city 50 miles southwest of Taegu, the provisional capital.

Hicks fell back to the river, divided his men into squads and waited until his own squad was almost over to the far bank before starting across the stream himself. On the other side they were caught in a rice paddy by Red machinegun fire and all were killed, wounded or captured except Hicks.

"I escaped by crawling into a small road culvert," he said. "It was almost filled with water and there was only about four inches between the water and the ceiling of the culvert. I stayed there until dark with just my face out of water so I could breathe."

Enemy troop convoys rolled over the culvert as Red patrols prowled about. A bright moon was shining when Hicks crawled out. And there were so many enemy moving through that he had gone only 200 feet before he had to hide again — this time under a roadside strawpile.

"It overhung a ditch," recalled Hicks, "and I sat hunched against the ditch wall under the straw without food for six or seven days. I kind of lost track of time."

He finally emerged when heavy enemy traffic slowed and there was no full moon to keep him from travelling at night. He was so weak he fell while trying to cross the road. He crawled to a stream and drank the first water he had since his canteen went dry four days before.

That revived him. He got a meal of rice from a peasant hut, then walked for two nights across the mountains.

It was then he met the young South Korean. On his advice Hicks hid out in the hills. The Korean brought him rice every few days and kept him posted on war developments by drawing maps on the ground. Twice he found the lieutenant new hiding places when searching Red patrols probed near.

Hicks donned a white robe and a peasant straw hat. He marched for several miles with his friend past retreating enemy stragglers. Then he met some South Korean police who took him to an American command post.

A U. S. intelligence major took down his story and then said:

"Gee, you're lucky — we're going to have a swell meal tonight."

"What is it?" asked Hicks, hungrily munching some canned rations.

"Rice," said the major. "It's the first we've had in a long time."

Allowance Forms, Telling Vets Amount Of Bonus, To Be Sent

At a recent meeting, the Indiana Veterans Affairs Commission authorized the Bonus Division of the Indiana Department of Veterans Affairs to commence the mailing of the "Advice of Bonus Allowance Forms." One hundred thousand of these forms will be mailed by October 15. This form is not negotiable. It is not an order to pay. It is an official notice that the claim has been examined and that the amount shown will be paid when the Bonus Division is authorized to do so.

In addition to the amount allowed it will show the number of days and months of domestic and foreign service as computed by the Bonus Division examiners. This allows the veteran to become informed as to the amount and the manner by which it was determined. In the event the veteran feels this is incorrect, he may write or contact personally the Bonus Division, Indiana Deparement of Veterans' Affairs, 431 North Meridian Street, Indianapolis.

Of the estimated 365,000 veterans in Indiana, 240,000 have filed for their bonus. Of that number 196,000 have been examined and allowed. The remaining 44,000 are in the process of examination and are being held for further ciarification.

Campus Notes

Mary Martha Hungerford, a freshman in Franklin College, is acting as accompanist for the College Concert Choir of fifty-four mixed voices under the direction of Professor Guy Owen Baker. Miss Hungerford graduated from Milroy High School last spring where she had done accompanying for four years.

The choir will take part in a program Thanksgiving week and again in December when they will join other choirs of Franklin to present the "Messiah."

The Concert Choir will take tours during the spring months. They will climax these tours with an extended one over Easter vacation, which will include other states as well as Indiana.

Miss Phyllis Jean Smith, daughter of Mr. and Mrs. Byron Smith, recently enrolled for the fall term at Texas State College for Women, in Denton, Texas.

One hundred and eighty-four out of 254 Texas counties are represented in the registration figure as well as 19 foreign students from 10 foreign countries and 284 registrants from 30 other states.

A new dining unit, Hubbard Hall, seating 2,400 accomodates the entire student body at one time.

Who Runs America?

the Congress? the President?
OR YOU AND THE MAN NEXT DOOR?

RUNNING AMERICA is the joint job of 150,000,000 people. It's the biggest job in the world today—keeping it running for liberty and for freedom. And the whole world's watching to see whether Americans can do it!

IN MUCH OF THE WORLD today, the people have resigned from running their own countries. Others have been quick to step in—first with promises of "security"—and then with whips and guns—to run things their way. The evidence is on every front page in the world, every day.

FREEDOM COMES UNDER ATTACK. The reality of war has made every American think hard about the things he's willing to work and fight for—and freedom leads the list.

But that freedom has been attacked here recently—just as it has been attacked in other parts of the world. One of the most serious threats to individual freedom has been the threat of Government-dominated Compulsory Health Insurance, falsely presented as a new guarantee of health "security" for everybody.

THE PEOPLE WEIGH THE FACTS. In the American manner, the people studied the case for Socialized Medicine—and the case against it.

They found that Government domination of the people's medical affairs under Compulsory Health Insurance means lower standards of medical care, higher payroll taxes, loss of incentive, damage to research, penalties for the provident, rewards for the improvident.

They found that no country on earth can surpass America's leadership in medical care and progress. They found that able doctors, teachers, nurses and scientists—working in laboratories where Science, not Politics, is master—are blazing dramatic new trails to health for Americans—and for the world.

THE "GRASS ROOTS" SIGNALS CONGRESS. In every community in the Nation, people stood up to be counted on this important issue. Thousands of local women's clubs, civic groups, farm, business, religious, taxpayer, medical, educational and patriotic organizations spoke out—giving the great United States Congress its unmistakable Grass Roots signal from home!

And ever watchful, ever sensitive to an alert people, The Congress saw that signal, and heard the people speak out, loud and plain. That's democracy in action. That's the American way!

Today among the 10,000 great organizations on militant public record against "Compulsory Health Insurance" are:

General Federation of Women's Clubs
American Farm Bureau Federation
National Grange
Veterans of Foreign Wars
National Conference of Catholic Charities
American Protestant Hospital Association
American Legion
National Association of Small Business Men
United States Chamber of Commerce
National Association of Retail Grocers
National Retail Dry Goods Association
American Bar Association

• Doctors of this Nation are grateful that the people refused to be wooed by the fantastic promises of this un-American excursion into State Socialism. • Doctors of America are dedicated to serve their fellow citizens at home and their comrades in uniform, wherever service to this Nation may take them. • And the thing they stand ready to fight for—to sacrifice for—to die for—is not the alien way of life of Socialism, but the prideful security of a free and self-reliant people!

THE VOLUNTARY WAY IS THE AMERICAN WAY!

• Throughout the Nation, free men and women, working and planning together, are finding the American answer to every question of medical service, care and cost. Hundreds of Voluntary Health Insurance Plans are in healthy competition—sponsored by doctors, insurance companies, hospitals, fraternal organizations—by industry, agriculture and labor. • Today in America—70 million people are protected by Voluntary Health Insurance! • Throughout the Nation, families are insuring themselves against the major costs of illness—at reasonable, budget-basis prices. Voluntary Health Insurance takes the economic shock out of illness. Protect your family now. • For information, ask your doctor—or your insurance man.

An American's greatest heritage is the right to learn the facts—and to speak his mind. Maintained with honor and used with sincerity—that right will guarantee forever that

You and Your Neighbor Run America!

Future Farmers Weekly Review

Tuesday, October 3, the scholastic committee composed of the Rushville Chapter officers, FFA, held a meeting to establish a scholastic average for each member to strive for throughout the year. The committee reached a conclusion that each member should strive to maintain an eighty average for the year. The committee also agreed to give ar award to the boy with the highest scholastic average at the end of the school year.

A hay ride was enjoyed by most of the members of this chapter and their dates, Saturday, October 7. During the hayride a wiener roast was held at Boyden Cull's farm. The jeep was furnished by Forrest Marlatt and wagon by Boyden Cull. Mr. and Mrs. Ray Chaffins chaperoned the boys and girls. The group thoroughly enjoyed themselves.

New Prop May Give High Speed

Moffett Field, Calif. (AP)—The airplane propeller is about to get a new lease on life despite the arrival of the jet age. A new laboratory creation called a supersonic propeller is being tested by the National Advisory Committee for Aueronautics (NACA) for possible use on planes traveling 500 to 700 miles an hour, which is just under the speed of sound.

The new type need be only half the size of the conventional prop. Its blades are much thinner and are pitched at smaller angles. It is intended to operate efficiently when its surfaces are moving through air at supersonic speeds. This situation sometimes exists for propellers on ordinary planes.

Controls On Home Mortgage Credit Are Tightened

Washington, Oct. 11 (AP)—The government today ordered tight controls on home mortgage credit, effective Thursday.

The terms require non-veterans to make cash down payments ranging from 10 per cent on houses costing under $5,000 to 50 per cent on houses priced from $24,250 up. Down payments for veterans will run from five to 45 per cent.

Mortgages will have to be paid off within 20 years, with one exception: 25 years will be allowed to pay off on houses valued below $7,000.

Raymond E. Foley, head of the Housing and Home Finance Agency (HHFA) said that will boost monthly payments on mortgages by cutting about five years off the prevailing pay-off limits for private and government-backed mortgages alike.

The controls apply only to one and two-family houses — not apartment projects, or store or factory construction, for which other regulations are being considered.

So far as bank or other private mortgages are concerned, the control terms apply not to existing houses but those started since "noon on August 3" and not covered by loan commitments made before that date.

The buyer cannot count closing costs on his transaction—taxes, insurance, and so on—as a part of his cash down payment.

Also, the regulation states that "the cash down payment may not be borrowed from any source, except for loans against equities in life insurance policies."

IMPORT NEEDS

In general, the U. S. needs to import only special purpose oils such as coconut, palm, castor and olive oils.

With the Armed Forces

Pfc. Walter Lacey, 19, son of Mr. and Mrs. O. Lacey, Route 6, Rushville, has reported to Keesler AFB, Mississippi to begin training in the Air Forces Radar School located there.

Keesler AFB is one of the bases of the Technical Division, Air Training Command, and is also the home of the Airplane and Engine Mechanics School and the Air Chemical School.

The training Pfc. Lacey receives in the Radar School will extend over a period of 20 to 36 weeks, 16 of which will be an introduction to the fundamentals and principals of elementary electronics as applied to radar. The second phase of his training will be either in the advanced Ground Equipment Course or the Air Borne Equipment Course.

This training will qualify him to maintain the Air Force radar equipment so vital to the defense of America.

BUFFET SUPPER

A baked ham is wonderful for a buffet supper but cold sliced tongue or corned beef make good main dishes, too. Serve with potato salad dressed with mayonnaise and sour cream and garnished with ripe olives.

Save Money Packing Articles In Popcorn And Avoid Breakage

Philadelphia, Oct. 11 (AP) — A New York man popped up with the suggestion today that you can save money with popcorn.

It's a pretty simple thing, said Harold Frick, 33-year-old shipper for Winthrop Stearns, Inc., Renssalaer, N. Y., pharmaceutical-making firm:

Simply put popcorn in your packages when you're mailing them, rather than excelsior or shredded paper. You'll save 75 per cent in packing expenses and some 30 per cent in mailing costs.

Frick's idea won him an award at the Society of Industrial Packaging and Materials Handling engineers exposition here.

Spokesman for the exposition said Frick's idea really works. They pointed out that a package wrapped with shredded paper that weighs nine pounds would weigh only six when packed with popcorn.

Additionally, they said, there's less chance of breakage. Frick's wife said she mailed her husband, then overseas, a package of cookies wrapped in popcorn—and not a single cookie was broken.

TWINE DISPENSER

A new plastic twine dispenser keeps twine untangled, feeds it freely through a hole in the top and permits quick safe cutting with a razor blade that is exposed in two small grooves in the case.

LARGEST DAM

Fort Peck Dam, Montana, is the world's largest earth-fill dam.

Looking for POWER?

Better Buy Buick!

THAT bold bonnet that stretches out before your eyes on a 1950 Buick isn't there just for show.

Lift it up, and you'll find that the space beneath is abundantly occupied, by one of the biggest hoodfuls of power you'll find in any motorcar.

What you're looking at is Buick's modern version of the high-compression valve-in-head engine, which gains extra wallop from the fact that it uses the exclusive Fireball combustion principle.

We could list a lot of mechanical reasons why fuel gives up extra power in a Fireball engine—how it's wrapped in a swirling, ball-shaped charge—how it burns with a smooth, clean thrust that delivers maximum action.

But the best way to find out what all this means is to touch off the eager horsepower out on the highway by a gentle nudge of your toe—and feel your shoulders press deep in the cushions behind them.

Now all this sounds thrilling, you say, but how about the feed-bills for all these horses? How about miles-per-gallon?

The practical answer to that one is found in this year's experience with the SUPER and SPECIAL—and even the ROADMASTER.

In all three, the horsepower was stepped up at the start of the year—and in all three, *happy owners report the best mileage in modern Buick experience.*

This is due to a little-known but authentic engineering fact—which is that *an engine burns less gas when it doesn't have to labor.* At any normal driving speed, therefore, extra power is extra thrifty.

So we say again—if you're looking for power—mighty power—buoyant power—silken power— thrifty power—better buy Buick.

Your Buick dealer is eager for the chance to demonstrate how sound this hint really is.

*Only BUICK has Dynaflow Drive** and with it goes HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.) • NEW-PATTERN STYLING, with MULTI-GUARD fore-front, taper-through fenders • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube
*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

Tune in HENRY J. TAYLOR, ABC Network, every Monday evening.

YOUR KEY TO GREATER VALUE

To Get Rid Of Rats, Break Up Their Home Life And Starve Them, Specialist Tells Health Officials

Baltimore, Oct. 11 (AP) — If you want to get rid of rats, break up their home life and starve them out. A Johns Hopkins specialist says this works better than trying to poison them.

Dr. David E. Davis passed on the advice yesterday to about 135 sanitation and health officials from throughout the eastern United States. They are attending the second annual rat-control conference here.

As associate professor in rodent ecology at the Hopkins School of Hygiene and Public Health, Davis has just finished a five-year study of how rats live. He also looked over Baltimore's own rat-extermination programs.

With a good poison you can quickly kill off up to 90 per cent of the rats in a given area, said Davis. But if you don't destroy their shelter and cut off their food supply, the surviving 10 per cent will breed fast enough to bring the population back to its original point within a year.

Another scientist told the conference that mice are tougher to wipe out than rats. Walter W. Dykestra of the Federal Wildlife Service said that's because mice are more finicky about what they eat.

A mouse, he said, "eats a little bit a lot of times a day — as often as 15 times a day."

So you need a poison which won't arouse the mouse's suspicion through its peculiar taste and smell.

Dykstra suggested warfarin as the best mouse-killer. A chemical compound developed at the University of Wisconsin, it's tasteless and odorless.

Dykstra said that, though warfarin takes four to 10 days of frequent dining to kill a rodent, it causes no "bait refusal or bait shyness" even among the rats or mice suffering a slow death from it.

The three-day conference, sponsored by the Department of the Interior, ends Wednesday.

CAULIFLOWER DELUXE

For cauliflower de luxe, serve it with cream sauce and top with finely chopped Brazil nuts or lightly toasted almonds.

EARLY COTTAGES

Early Cape Cod cottages had a combination kitchen, living and dining room in the back.

Dr. C. M. Yocum Convention Speaker At Oklahoma City

Dr. C. M. Yocum, who spoke here recently at the Main Street Christian Church where he was a former pastor, will speak Thursday night at the 101st International Convention of the Disciples of Christ, meeting this week in Oklahoma City.

Dr. Yocum for 33 years has served as an executive with the foreign missions enterprises of the Disciples of Christ, and retired last June 30. His farewell message will be "Building Brotherhood Through the Great Commission." Aside from his nationally known ability as a public speaker, he has had a rich experience in his round the world travels and as an executive of the Foreign Missions Conference which is an association counselling many communions working in foreign fields.

President Harry McCormick and Executive Secretary Virgil A. Sly, who early this year spent several weeks in Japan and the Philippines surveying the needs created by post-war conditions, particularly with reference to the interdenominational cooperation among mission and indigeous churches will make a report on Thursday afternoon.

Work To Rebuild Adriatic Port

Trieste (AP)—While a political tug-o-war over this ancient Adriatic port steals headlines, a lot of hard work is quietly going on to restore its prewar prosperity. Mainly the work is being doneby the Economic Co-operation Administration (ECA) and the Allied Military Government (AMG).

The two and Trieste's strategic location as a gateway to Central Europe, have combined to rebuild war destruction, revive industry and return the port to its prominence of the 1930's. Today arriving and departing through the port of Trieste is equal to the average of the 1913 to 1938 period.

TRI COUNTY NEWS

Miss Catherine Jones, granddaughter of Mrs. Mae Jones, north of Andersonville, became the bride of Ralph Williams of Bentonville Saturday at Connersville.

The bride is a daughter of Mr. and Mrs. Lowell Jones of near Bentonville. They will reside in their newly furnished apartment at Connersville.

William Goddard of New Salem, went to Knightstown Saturday to visit a few days with his sister, Mrs. Osia Leisure.

Mr. and Mrs. Chester Schroeder, west of New Salem, were in Shelbyville Thursday.

Mr. and Mrs. Richard Rehme, of Rushville, entertained at supper Wednesday evening for the latter's sister, Mrs. Garland Whitinger's birthday. Others there were Mr. Whitinger and family of Milroy, Mr. and Mrs. Russell Vogel, east of New Salem, Mrs. Rehme's parents.

Mrs. Lowell Pruet, north of New Salem, was in Connersville Thursday and attended the Missionary meeting of the Orange Christian Church at the home of Mrs. Harold Hoke, of Orange, afterward.

Mr. and Mrs. Earl Morgan and Mr. and Mrs. Charles Kehl, south of Orange, attended revival services at the Sanes Creek church Saturday evening.

Mrs. Anna Johnson and daughters, Irene Johnson, of the Sanes Creek neighborhood, Mrs. Opal Dickey, of Connersville, and Edward Gordon of Raleigh, Mr. and Mrs. George Wilhelm, south of Andersonville, Mrs. Leonard Keal, Mrs. Richard Compton and mother, Mrs. Della Richardson, south of Orange. called Sunday afternoon upon Mrs. Leona Kennedy and Mr. and Mrs. Paul Kelso, northeast of Arlington. Mrs. Kennedy, an invalid, hasn't been as well the past week.

Mary Rowan, north of Andersonville, and Mildred Morgan, of Richland, spent the first of the week with Mrs. Lowell Wilson, of near Carthage. Mrs. Wilson isn't well following a serious illness.

Larry Newby, of near Rushville, spent the week-end with his grandparents, Mr. and Mrs. Albert Goddard and sons of New Salem.

Alden Alford, Jr., who is stationed in a camp in Virginia has been spending a few days with his father and wife, Mr. and Mrs. Alden Alford, southeast of Orange. He also attended church services Sunday morning at the Orange Christian church.

Lanta Ronan of Andersonville, called upon Mr. and Mrs. Herbert Stevens, east of New Salem, Monday afternoon.

Mrs. Lester Cathey, of Westport, and Mrs. Everett Ralstin, Sr., of near Andersonville, visited Thursday with their parents, Mr. and Mrs. William Hanshew of Rushville.

Mr. and Mrs. Claude Beals of Cheboygan, Mich., and Mr. and Mrs. Ed Snyder of Leesburg, Fla., visited with Mrs. Anna Johnson and daughter, Irene, of the Sanes Creek Neighborhood.

Mr. and Mrs. Lowell Pruet had dinner Sunday with their parents, Mr. and Mrs. Bernie Pruet, of near Andersonville.

Mrs. Anna Johnson visited Friday afternoon with Mrs. Ed Ronan and Mrs. Minnie Ronan, all of the Sanes Creek Neighborhood.

Mrs. Bert Lawson and sister, Mrs. Laura Lyons of New Salem, called at Clarksburg and Milroy Thursday afternoon.

Mr. and Mrs. Orville Ponsler of Rushville, Mr. and Mrs. Dora Brown and son, Ivan, west of Rushville, Mr. and Mrs. William Brown, of near Richland, attended the home coming Sunday at the New Bethel E. U. B. Church in Jennings County.

Mr. and Mrs. Fred Osborn and daughter, Carole, north of Glenwood, entertained at dinner Sunday, Mr. and Mrs. Robert Osborn and sons, southwest of Rushville and Mr. and Mrs. George Osborn of Indianapolis.

Mr. and Mrs. John Hawley and grandson, Larry Hawley, of New Salem, visited from Friday until Sunday with Mrs. Hawley's sister and husband, Mr. and Mrs. Price Agee of Richmond, Ky.

Mr. and Mrs. Willard Lamb, of Spiceland, visited Sunday with their daughter and husband, Mr. and Mrs. Robert Wilson and sons of near Richland.

Mrs. Alvin Lamont and children of Cambridge City and Mrs. Chester Jinks of New Salem, visited Friday with their mother, Mrs. Anna Johnson and daughter, Irene, of the Sanes Creek Neighborhood.

Mr. and Mrs. Weldon Wall and children, south of Orange, entertained at dinner Sunday, Mr. and Mrs. Frank Boyd Keal and daughtter, Donna Marie, north of Andersonville.

Mr. and Mrs. Lawrence Gorrell, of near Clarksburg, Mr. and Mrs. Vernon Spillman, Mr. and Mrs. Russell Logan, Newton Gruell and son, Floyd Gruell, Mr. and Mrs. Herbert Holden, all of near New Salem, went to Richmond Sunday where they had a co-operative dinner in the shelter house at the park in honor of Carlos Spillman's 35th birthday, who is a patient in a hospital here. Carlos enjoyed the day very much and received several gifts and greetings. He formerly lived in New Salem.

George Keisling returned to his home south of New Salem Friday after spending the past two weeks with his son and wife, Mr. and Mrs. Howard Keisling and family of Goodland. He was accompanied home by the son and family who remained with him until Sunday.

Mrs. William Linville north of Andersonville and Mrs. Martha Fey south of Neff's Corner visited Friday afternoon with Rev. and Mrs. Walter Crawley of near Buena Vista.

Man-Eating Wolves Worry Indians

Lucknow, India (AP) — Man-eating wolves and hyenas have killed seven children in villages near here recently.

Latest victim was a 12-year-old boy of Parabgaon village, only five miles from Lucknow. His half-eaten body was found in the fields. In the Banthara area, 12 miles from here, half a dozen children have been killed within three months.

Special police guards have been posted in the affected areas and villagers have been issued spears and firearms.

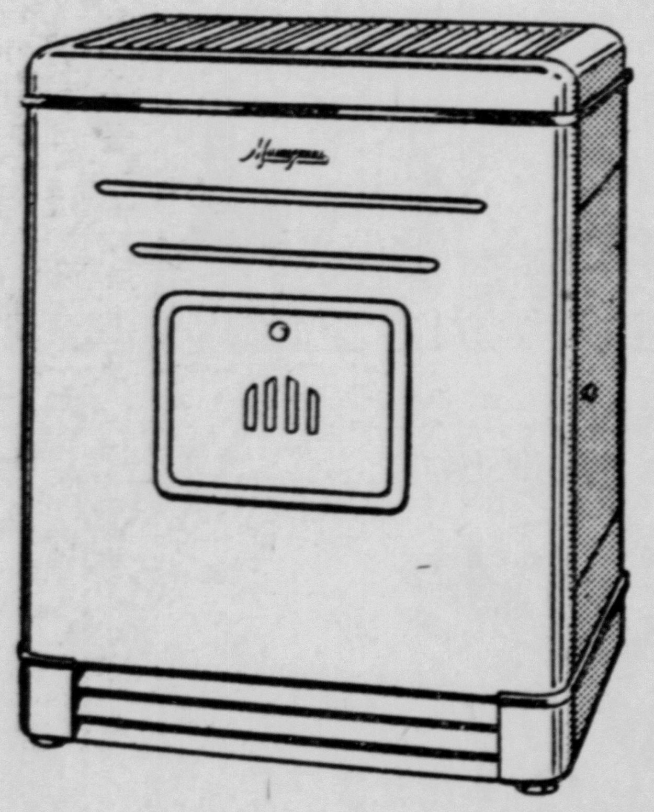
TRIMATIC Monogram Oil Fire Heater



PROOF MORE HEAT PER GALLON for only MONOGRAM has the Patented Vaporizing Burner which turns oil into gas—quickly and completely—produces the highest known operating efficiency — assures low oil consumption.

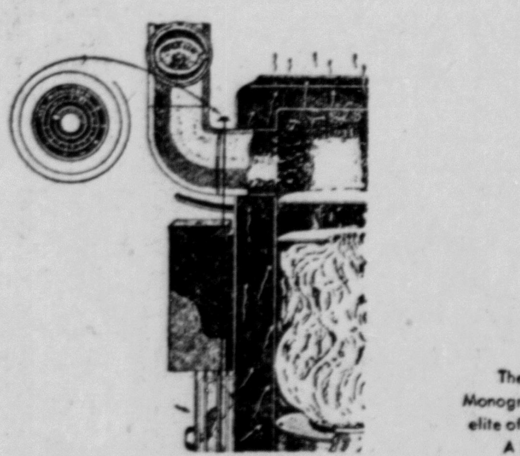
PROOF TRIMATIC CONTROL — exclusively MONOGRAM automatically provides forced draft —forced circulation and regulates oil flow—all with one dial. Simple, positive and dependable, assures finest performance at any setting.

PROOF MORE HEAT IN THE HOME—less heat wasted up the chimney for only MONOGRAM has a double-baffle heating unit or twin air flues which stop the rush of heat up the chimney and transmits more usable heat into home.

PROOF ONLY MONOGRAM HAS THIS EXCLUSIVE PATENTED BURNER. Only MONOGRAM provides such highly efficient, dependable low cost home heating with oil. No wonder MONOGRAM is the World's Best Oil Heater.

PROOF MONOGRAM HEATERS WILL DO WHAT THEY ARE SUPPOSED TO DO. Every MONOGRAM heater has a certified BTU output rating in accordance with U. S. Commercial Standard CS101. The heating capacity is stamped on the number plate attached to every heater. Listed by Underwriters' Laboratories as complying with all requirements of construction and performance.

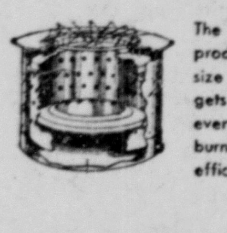
3 Automatic Controls
1 Flow of Oil
2 Draft
3 Forced Air Circulation



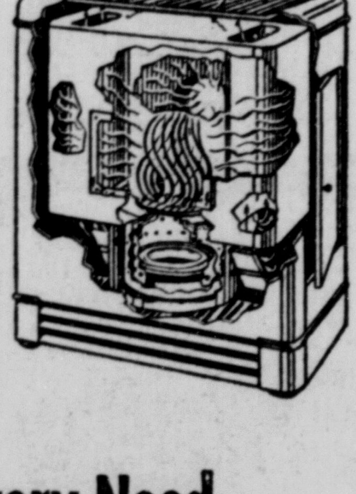
from ONE Dial

High Powered Furnace-like Heating Unit
The powerful heating drums in MONOGRAM OILFIRE heaters are specially constructed to stop the rush of heat out the chimney. Notice how the heat travel is prolonged thereby keeping more usable heat in the home assuring the lowest possible operating costs with oil. Will give a lifetime of unqualified service!

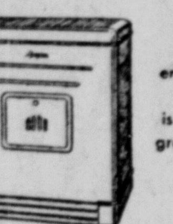
Clean, Quiet Gas Flame Made from Oil



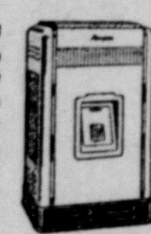
The exclusive MONOGRAM burner produces more BTU's of heat for its size because it is more efficient—it gets as much heat as possible from every single drop of oil. The only burner that can produce such a clean, efficient, gas-like flame from oil.



A Size to Meet Every Need
The Console Monogram is the elite of them all! A beautiful piece of furniture as well as a powerful, efficient heating unit.



The beautiful all porcelain enamel Upright Monogram is designed for greater heating service. A size for every need.



If you want a low priced oil heater see the new Radiant Circulator Monogram. Priced within reach of everyone's purse.
